

GÖRDES

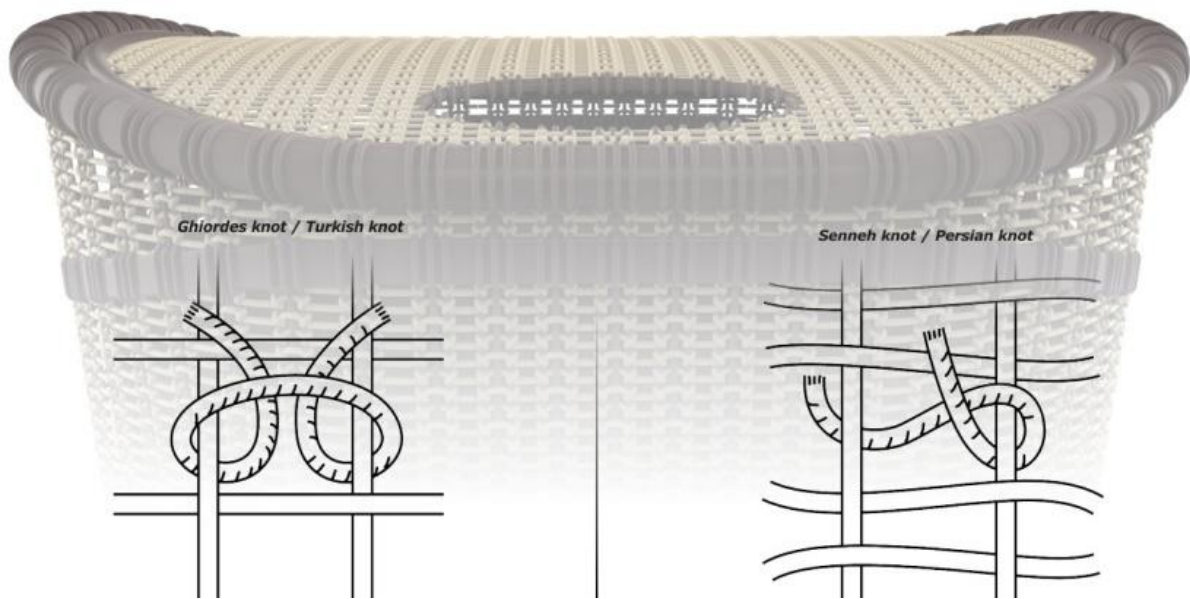

LaUNDARY & Bathroom Set
Homeware Design for **PLAST'ART**

The Goerdes Home Set consists of eight pieces: Laundry Basket & Hamper, WC brush, Flip-top Bin, Detergency, Peg Basket, Small & Medium Baskets.

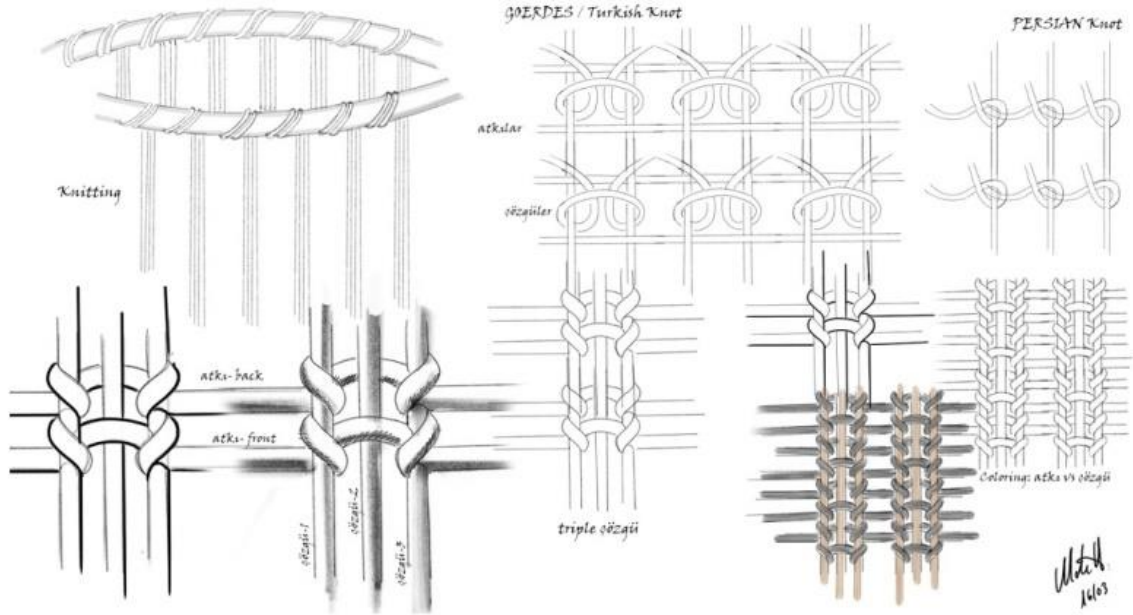

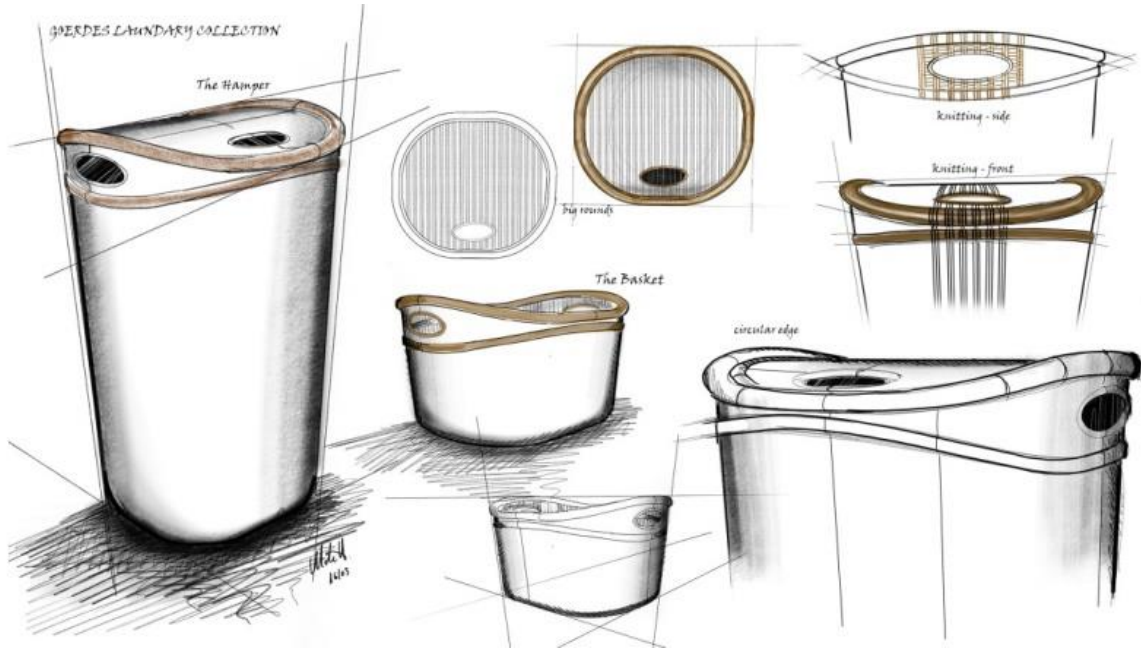

The designs were named after the Gördes village of Manisa where the Gördes knot, also known as the Turkish knot in the in the carpet weaving literature, was born. This texture detail, the main theme of the design DNA, is inspired by this knot.

The laundry basket and hamper are the first two units of the Gördes Home Collection. They have a common texture detail, which is inspired by the knot known as Gördes (or Turkish) knot in carpet weaving literature. Two types of knot techniques are used in hand carpets: Turkish knot (Gördes knot, symmetric knot) and Iranian knot (Sine knot, asymmetric knot). The Gördes knot, also known as the double knot or closed-loop knot, is named after the Gördes village in Manisa and has been also referred as the Turkish knot.

On a carpet that is weaved with Goerdes knot, the loop of the knot remains untouched with time so that the wefts and warps of the carpet does not begin to appear. Therefore, the beauty and color of the carpet pattern is preserved for many years. Weaving the Goerdes knot is more difficult and takes more time than the Iranian knot. Therefore, two carpets with the same knot density the one with the Goerdes knot is more valuable and preferred.
