

INFINITY

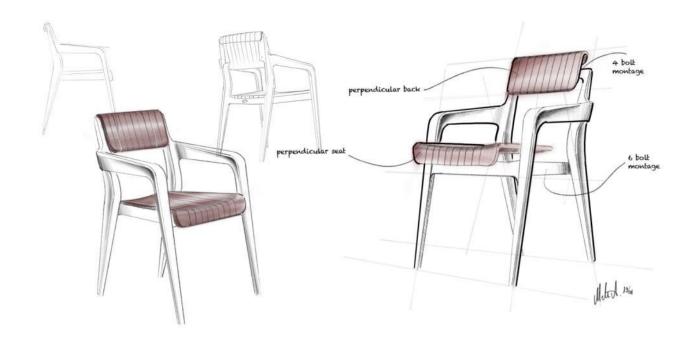

Chair

Furniture Design for **HOLIDAY**

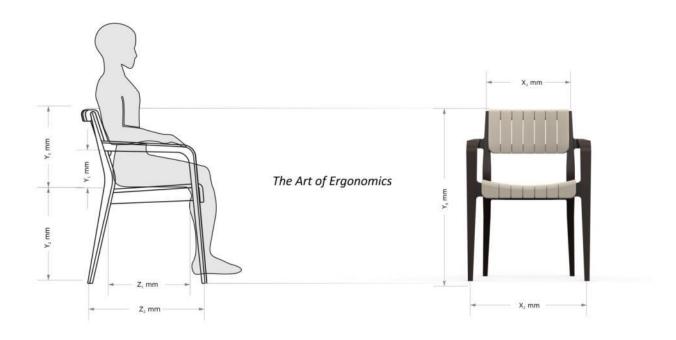

This is a three-piece chair with excellent ergonomics that is made from recycled PP material via injection molding. It is suitable both for indoor & outdoor environments.

Its choice of material makes Infinity Chair weather proof, so that it can also be placed anywhere in the outdoors, in patios and gardens etc.

The modular seat and back parts make it available in a huge range of color varieties and textures. Besides its superior durability, easy-to-maintain and easy-to-clean features, Infinity Chair is a long-lasting, sustainable piece of furniture.
